## WHAT EVERY CHILD DESERVES

At the very heart of who we are and all we do for children is this essential truth, expressed so fervently by our founder, Wisdom Dordoe, “Humanity owes the child the best it has to give.

That's why we're passionately committed to giving the Ghana children, especially those most vulnerable, what every child deserves – a healthy start in life, the opportunity to learn and protection from harm. Whatever it takes. Thanks to amazing supporters like you, we're ever closer each year to achieving our ambitions. We're forging key partnerships, piloting innovative solutions, advocating for best policies – and together, achieving remarkable results at scale. In 2018 alone, we reached more than 5,000 children in the country around the regions and communities. Transforming their lives and the future we share.

We invite you to take this opportunity to review the results for children and less privileged you helped make possible. We'll also show you how effectively we stewarded the significant resources required to achieve them. And we ask for your continued support of our shared cause.

Because the world's children deserve our very best. Every last child.

## MESSAGE FROM THE FOUNDER/PRESIDENT

Our work among the marginalized and underprivileged in Ghana has grown leaps and bounds since its humble beginnings in 2013. What started as small and growing in touching more lives today with over 5000 of children we have served through our inspiring projects.

Because of the generosity and compassion of Givers like you donors/partners/members, our community has made its impact felt around the country this year. Your support has been crucial to help us get to where we are at now, we have experienced God's grace and the amazing compassion of friends and supporters like you. You have made a world of change possible in 2018, and we couldn't be more thankful. This is only the beginning of the change you've helped create, the actions you've inspired.

There's no chance that we could have done all of this without you by our side. This incredible community is the true heart of our work, fueling our mission with encouragement and support.

Together, we can build on this progress in 2019, inspiring, connecting, and empowering even more emerging leaders; creating more networks for children to strive for success, touching more souls and building stronger communities for us all

## ***Message From The Vice President -*** **DR. GLORIA AMEGATCHER**

It's an opportunity to serve this noble institution to promote inspiration to children and empower their life ambition. Your constant support to our programs are very inspiring. Your enthusiastic engagement to help change the lives of these underprivileged children start now and the change is happening for the achievement of healthy and better living.

Our programs have impacted lives positively and would plead with you to participate and support our organization to bridge the gap of inequality in society. It's our hope to expand our programs to many cities and towns across the country and it will be through the support of civil society that can help achieve our developmental goals. I encourage partnership with organizations for valuable contribution for our ongoing endeavor and not a one-time effort.

The less privileged in society must be a priority in this global development goal to deliver a peaceful, more equitable and sustainable world for all. Change possible, change is happening and I am humbled to be part of this positive change to bring hope and put smiles on the faces of these innocent children. Thank you and God bless you all.

# VISION, MISSION AND CORE VALUES

## OUR VISION

To create a humane and a sustainable society by being able to reach out and bring joy in the lives of the people who are in despair. To provide them a window of hope that all has not ended.

We provide legal aid and also pay fines for parents and families who are in prison, and have left their children going through difficult challenges in life.

Give Me Hope Foundation rescues some women in Nsawam Female Prison. Fought justice to saved women from prison.

## PREVENTABLE CHILD MORTALITY AWARENESS.

We go to communities with expect doctors to talk to women on preventable death of new borns and children under age with the aim to reduce neo natal mortality in Ghana. This program was at Akyem Abirem. Nursing mothers were gathered and have talk with them on preventable child mortality death.

**ZERO HUNGER AWARENESS.**

Give Me Hope Foundation organize zero hunger awareness and went round the street of Accra sharing foods to the homeless and beggars on the street.

Over hundred packs food was shared to put a smiles on their faces. With the daunting challenges of our generation, as various careers and professions are becoming more competitive, it is inspiring to acknowledge the efforts of individuals who turn their talents into charitable causes in improving the lives of others. He quoted "There are a lots of people on our street so hungry that God cannot appear to them except in the form of bread"

## STOP THE TRAFFIC AWARENESS CAMPAIGN

Give Me Hope Foundation has embarked on education campaign to make children alert and teaching them what to do in the case of attempted abduction is best education to create awareness for children and parents. Just as the police teach children how to stop, look and listen before crossing the street, we now need to teach them how not to be

how to avoid being seized, how to resist a are vulnerable and trusting, and it is our job as parts to remind them of basic safety rules. to communicate openly with their children at kids can let you know what is going on in their concepts of adult/children interaction
